## Annual Taxi/Private Hire Car Inspection Report for October to December 2023 - West Fife Area

---

**Report by:** Billy Ferguson, Service Manager, Fleet Operations.

---

**Wards Affected:** 1, 2, 3, 4, 5, 6, 7, 8 and 9

---

### **Purpose:**

---

To advise the Committee of the outcome of the Annual Taxi and Private Hire Car Inspection Tests for the West Fife Area.

### **Recommendation:**

---

It is recommended that:

- (1) random inspection tests, six months after the annual test dates, should be considered, where appropriate, to ensure public safety; and
- (2) the Committee takes any other steps it deems appropriate.

### **Resource Implication:**

---

Arrangements may have to be made for seven random inspection tests.

### **Legal & Risk Implications:**

---

There is a possible public safety risk if no random inspections are carried out.

### **Policy & Impact Assessment:**

---

None

### **Consultation:**

---

None

## **1.0 Background**

---

- 1.1 This report gives details of the results of the inspections carried out on vehicles operating in West Fife in October to December 2023.
- 1.2 Of the 107 vehicles tested in West Fife, 100 passed first time which equated to 93%, 7 vehicles failed but passed on re-test which equated to 7%. The percentage pass rate in April, 2023 was 90% and September 2023 was 89% and the percentage fail rate was 10% and 11% respectively.
- 1.3 Summaries of the results are attached in Appendix 1 to this report.

## **2.0 Issues and Options**

---

- 2.1 As well as considering random testing of vehicles, the Committee, may deem it appropriate to:
  - invite those operators whose vehicles failed the test to a meeting with the Convener and Vice Convener of the Committee to discuss their maintenance procedures; or
  - consider whether or not to hold a Hearing under paragraph 11 of Schedule 1 to the Civic Government (Scotland) Act 1982 which relates to suspension of the licence.

## **3.0 Conclusions**

---

- 3.1 I am pleased to report that the first-time pass rate has increased. However, the Operators should be reminded that their vehicles should be maintained to a very high standard, at all times.
