

Urgent Motion for the Cabinet Committee 1st June 2023

Scottish Fire and Rescue Service Cuts

The Committee notes proposals announced by the Scottish Fire and Rescue Service to withdraw appliances from Methil, Glenrothes, Dunfermline and Kirkcaldy, including the high reach appliance from Kirkcaldy, as part of a budget cuts exercise.

The Committee expresses its serious concerns about these proposals to withdraw appliances from Fife and mandates the Leader and Chief Executive to engage with the Scottish Fire and Rescue Service to express these concerns and to seek the withdrawal of these proposals.

Proposed by Cllr David Ross

Seconded by Cllr David Graham
